Accuse Russia Of 'Lies'

Australian Brings Delegates at Peace Conference To Their Feet

By Robert Eunson

PARIS, Aug. 27— (AP) — Australian Delegate J. A. Beasley brought delegates at the Paris Peace Conference to their feet today with a blistering attack in which he accused Russia of "lies," "intimidation" and "power politics."

But the burst of oratory ended amicably and the Australian and his antagonist, Andrei Vishinsky, Soviet deputy foreign minister, left the room smiling to one another.

Before adjournment of the Politican and Economic Commission on the Italian treaty, at which the flash occurred, Australi agreed to drop her proposal for a standing sub-committee to "examine, collect and report" on the facts in 4-H Club Boys Italy's frontier dispute with Yugoslavia, France and Austria and to make recommendations if it seem-

The Japs Got 20,000 Tons a Day From World's Largest Open Pit Coal Mine

90 Million Tons to Go:

A grand canyon of coal is this open pit mine in Manchuria, the largest coal mine in the world. The clouds that rise from this black may are partly from dust, mostly from hundreds of almost unquenchable small fires started by explosions or spontaneous combustion. Coal miners below starting their day's work are some of the 22,000 the Chinese now employ on a seven-day work week that pays \$10 a month. The Japs had 64,000 laborers at work here.

CRITICAL PERIOD AHEAD FOR CARS

We urge all car owners to have their vehicles given a thorough inspection as often as once a month. Our skilled mechanics can discover hidden defects in cars which if taken in hand at once will keep the vehicle in service and perhaps prevent some frightful accident.

This is the only way that owners of cars and trucks can make their situation less precarious during the next four or five months.

Drive in or call for an inspection

More Than Hoped For In War Memorial

ST. LOUIS, Aug. 27—(AP)— Mayor Walter Zieger of the St. Louis county village of Flordell Hills, who wrote to President Truman and asked for a World War II memorial trophy, mopped perspiration from his forehead tolay and said "it's really more han we hoped for."

He and 19 other citizens of Flordell Hills labored several hours wheeling a 5½-ton 155MM howtzer from a railroad siding to the village park. The huge gun was shipped from the Rock Island, Ill., arsenal at a cost of \$86 in freight charges to the village. "I guess we got our money's worth," Zieger said.

Sale of liquified petroleum ases for household use last year was 540 million gallons, an increase of 23 per cent over 1944.
